The Characters used for Classification are:—

100A1 / 90A1 } Vessels built of Iron or Steel according to the Rules in force since 1869.

A1 Iron or Steel vessels built for a special purpose.

*Ⓐ1 Iron vessels built with thicker plating than required for Ⓐ1

Ⓐ1 Ⓑ1 Iron Vessels built according to Rules in force between 1864 & 1871.

A1 A1 Æ1 Wood or Composite Vessels.

The figure 1 affixed to a character signifies that the vessel is well and sufficiently equipped; a line after the character (thus, A—) that the equipment is deficient from that required by the Rules.

The words "*with freeboard*" under the character signify that the freeboard assigned is a condition of the vessel's class.

Classification of the late Underwriters' Registry.

A1⁑ A1⁑ Iron or Steel Vessels built in excess of Rules of Underwriters' Registry, and of extra quality of Iron.

A1* A1* Characters of Iron, Steel, or Composite Vessels built according to the Rules of Underwriters' Registry.

Vessels classed in Red have been built under inspection of Surveyors to Underwriters' Registry.

The Classification Columns, when left blank indicate Vessels never Classed by the Society.

In Col. 8 (Sailing Vessels), Col. 7 (Steamers), three dots ... indicate that the Vessel had a Class at one time, but it has been withdrawn at Owner's request.

In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters *a*, *b*, *c*, &c., indicate the letters and equipment numbers in Tables Nos. 53 and 54 (Rules).

A black line with date under it in Classification Column (thus $\overline{3,27}$) indicates that vessel's character was expunged from Register Book at date specified because, from reported defects, the vessel was not entitled to retain her classification; a red line with date (thus, $\overline{3,27}$) indicates withdrawal of class because of non-compliance with Society's Rules.

A date in Classification Column, without character, indicates that the Class has expired, or been withdrawn from absence of Survey, or non-payment of fees.

When a posting of loss, casualty, &c., is made against a classed vessel the character is expunged thus:— ~~100A1~~

✠ in the Classification Column signifies that the vessel was built under Special Survey.

The REGISTER,—which is printed solely for the information of Merchants, Shipowners, Underwriters, and others, being Subscribers or Members,—contains the names, classes, and other useful particulars relating to vessels classed by the Society, and those classed by the Underwriters' Registry for Iron Vessels. It also includes as far as possible, the names, dimensions, &c., of all other Merchant Vessels of the World, of 100 tons and upwards, some of which, although not classed by the Society, are classed elsewhere.

The conditions regulating the classification of Vessels in the REGISTER are contained in the Society's Rules.

Extract from the Society's Rules, Section 26:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be "understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy "in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the "Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society"
